

Index op de Huwelijksafkondigingen (publicaties) Dilbeek

In deze registers werd geen jaarlijkse alfabetische tafel opgemaakt. Daarom heb ik zelf deze lijst samengesteld. De huwelijksafkondigingen zijn niet enkel een aanvulling bij de huwelijksakten. We vinden er ook akten in van een aankomend huwelijk in een andere gemeente en die dus niet in de huwelijksregisters van Dilbeek vermeld staan. In FamilySearch staat enkele jaren foutief de gemeente Diegem inplaats van Dilbeek. Deze ontbrekende jaren vinden we terug in het meer betrouwbare Zoekakten.nl. Tijdens de maand januari 1892 heeft men de tweevoudige inschrijving van de akte achterwege gelaten. Wat moet opgemerkt worden is het volgende: Het is niet omdat men een huwelijk heeft afgekondigd dat het effectief is doorgegaan. Er zijn gevallen bekend waarbij het huwelijk toch niet heeft plaatsgehad. Men moet dit altijd controleren in de huwelijksakten.
